

2005 Dedication

For the last twenty nine years you have taught the students of Gould Academy. You have taught us in your classroom, and you have taught us in the lessons of life. For the last twenty nine years you have shaped the wild little freshman girls and boys of this school into ladies and gentlemen, for the most part. For the last twenty nine years you have kept us in line, but at the same time had a marvelous understanding, and often an appreciation for, our mischief. There isn't a student here today that you have not effected in one way or another, and each and everyone of us have our own memories of you. Some of us remember the wisdom that you have passed on to us, while others remember you revealing our darkest secrets at your notorious Sinter Claus assembly. For the last twenty nine years you have absolutely devoted yourself to the students of Gould Academy, and that is why the class of 2005 would like to dedicate the yearbook to Madame Ouwinga. After twenty nine years of putting up with kids like us Madame, there isn't a person alive who would question your right to retirement, but that doesn't change the fact that every person in this school is going to miss you; we're going to miss your enthusiasm, your jokes, your advice, your guidance, and your ability to let the small details slide from time to time, but most of all we're going to miss the spirit that you have brought to this school. Madame, thank you for twenty nine years of commitment to the students of Gould Academy.

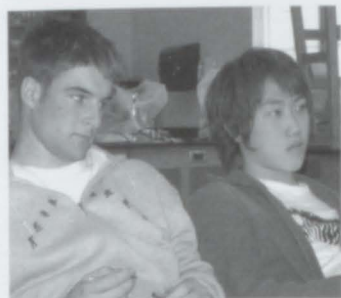

Finn Donovan

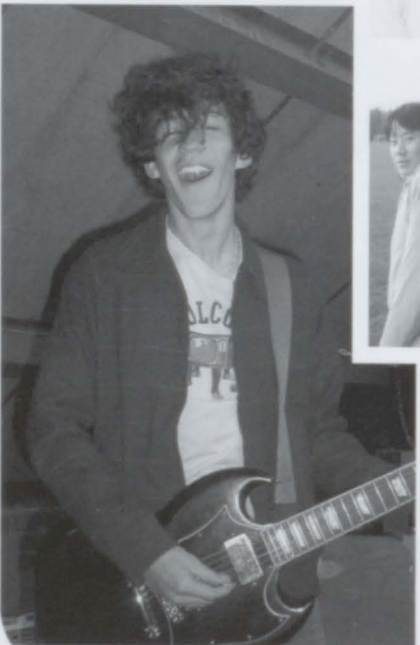

Mother, the dictionary definition of mother is one who gives birth, watches over, nourishes, and protects maternally. It's been four years since I came to Gould. I have made many friendships throughout that time. Some that have lasted and some that haven't. As I look back, one friendship stands out. This friend is not just my friend, but a friend to the whole community. She is there for anyone and everyone, to talk to, to complain to, to argue with, to yell at, to cry to, or to simply just get a hug from. She communicates with a large majority of the school on a daily basis. Her enjoyable character makes many students smile each morning. Although she has three amazing daughters, she treats each and every student she interacts with as if they were her own. Since my freshman year, she has been a second mother to me. This isn't because her daughter is my best friend, but because she cares for me, and wants to see me succeed. When I get into trouble, I know not only will I be yelled at by my own mother, but by her too. When I achieve something, she is there right beside my own parents congratulating me. Without her, I really don't think I would have made it through all four years of Gould. She pushes students to put their best foot forward each and every day. I can't thank this friend enough, for everything she has done for me. Her hard work and dedication over the last twelve years has surely made a difference to many people in the community. Gould Academy will never be able to replace her. This friend is one of a kind. So, the class of 2005 and I would like to dedicate this year's yearbook to my second mother, Mrs. Debbie Wight for all her support and love she has given all of us.

Mom- You are the nicest woman I have ever known. Day after day your strength and courage astounds me. God gave you a challenge because He knew you would survive and we have all learned incredible lessons from you. Thanks for being there when I have my angry moments, and also when I have my happy ones. I owe you more than I can give, thank you and I love you. **Dad-** I know I don't always show it, but I love you with all my heart. I would never have made it through high school if it weren't for your strength and support. You are constantly pushing me to achieve new goals and you will never let me give up. Ich liebe dich. To my teachers who taught me things I never thought I would ever know, thank you. I have the utmost respect for you guys. **To CRD, and JGG-** The original Nobles crew...I never really figured out why I left, but I am almost certain I made a mistake. Both of you guys will always be my best friends, and I will most certainly drink to that. **Brian-** So many good memories stand between the both of us. From retreats to NYC and back to Wellesley, to my man Mr. PF Chang. Always remember...third time is a charm! **Lewis-** Whether it be on the hill or not, I am always learning from you. From correcting my spello's to helping me remember

things, I thank you. **Joel-** We had good times... from cruising Farmington's strip to riding the river bed. Gimme a call when you get that record deal. **Graham-** A lot of good times went down here since I have known you. Keep it real always. **Gillio-** I'll call you when I end up in Cali, we'll sesh up SB for sure.

Thanks **Mom** for all of your help. **Dad**, thanks for being supportive in your own way... **Drew**, we are two very different people but we have survived a war. Thank you for being such an awesome older bro. We've had a rough couple of years, but we always have the ocean.

Thank you to all the faculty that helped me through this very unique and different experience. (I think you know who you are)

C-Deezy-My bestest, blackest friend in the whole wide world, nobody understands me better than you my fellow spider-man fanatic. I hope ya find something worth being passionate about.

Kyle Perierhanahna – By far the most lucrative and daunting individual I have come across who will indeed-achieve great success. In other words, I love ya man.

Will White – You know those blue thingies in the library hallway that have awards based on people who went to this school? They should make one for you. Winning "Most WILL WHITE" would be an honor for any mere mortal.

Douglas – You are certainly one laid back fellow. Try to remain as you are.

Arseny – You, on the other hand, need to learn to calm down just a tad. I'm glad you weren't ever mad at me that much.

Amy – I have a few things to say: You are the most special person I have ever had the honor of meeting. I don't fear for the future for this world knowing there's someone like you walking about. You're the greatest, most outstanding person ever, and you really had an influence over my little life here. Thank you so much for being a part of my life.

Nick Bean – I look at the underclassmen and I fear for the future of this school. Put down the magic cards and whip them into shape.

To anyone I left out – I hate you all, Ha ha, just kidding. I only hate a few of you. Ha! Kidding again. You all hold a special place in my heart, especially if you are female.

Mom and Dad: Thanks for everything that you have done for me so far. I know we have had a lot of disagreements in the past, but it always works out in the end. You have always given me everything I have ever needed, which I really do appreciate. I love you.

Ryan: We have grown up like brothers, and that has been a great thing. I hope that we stay this close throughout the next few years when we both go off to school. Maybe someday we can get the company and make millions with all our great plans.

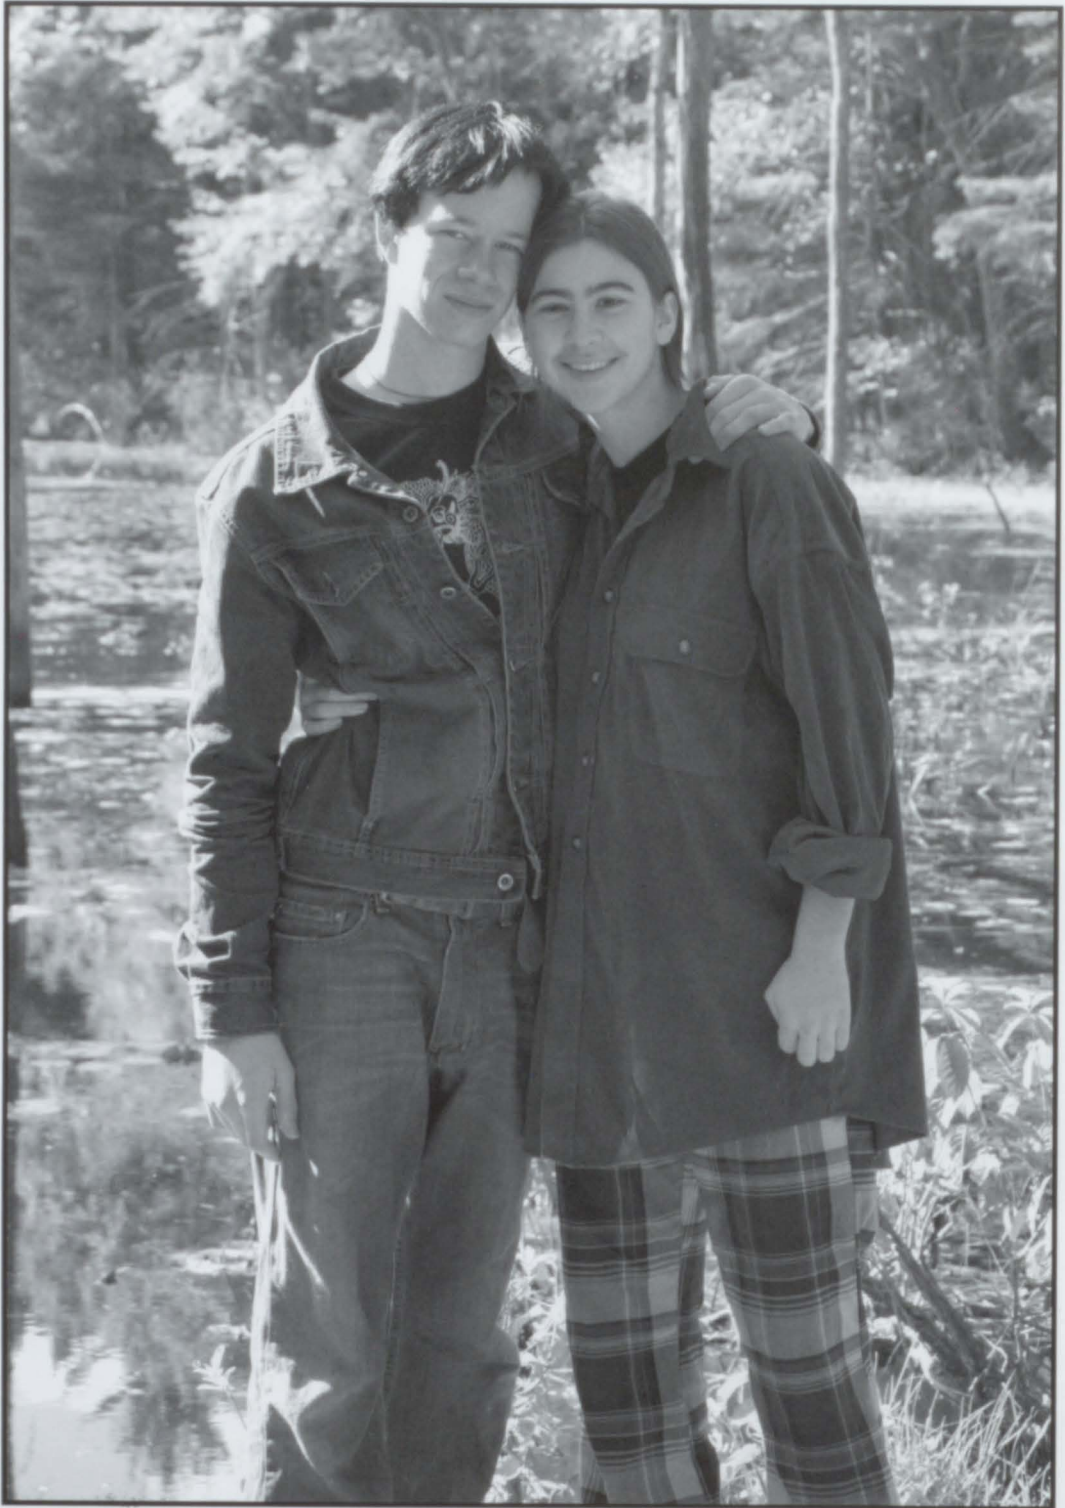

Steph: We have never really gotten along until now, but it has been good since then. Work hard in school, you know that you have it in you to get that new car in a few years.

Boys: It's been real. We've had some crazy times. France was one of the best. It's going to suck having to drive Bill around all the time though. RIP Donny. **Finn:** Even though we are pretty much the same size, I will always be the bigger one. **Karl:** Its been good getting to be better friends than middle school, I will beat you next time we wrestle. **Bill:** Its gonna suck having to give you rides this spring, but I'll do it because you always used to give me rides. **Let the fun begin on the road trip.**

Triplex Boys and Garth: You boys better keep the Day Student reputation going after we leave. Get rowdy and make me proud.

So this is it. After 4 years of finally getting used to being away from my family in Florida, I now have to get used to being away from my family at Gould. Oh well, at least there was a new experience in there for me. Okay, here's the fun part. I'm gonna do this like they do on the award shows. First off, I'd like to thank God because there is no way that I could have survived this weather without a supernatural force. Second, I would like to thank my parents for raising me the way that they did. I love you guys. Wow, that was fun, but on a serious note I have made some of the best friends that I have ever had at this school. You guys are the best. Shout outs to my little clique.(there are too many names to say but you guys know who I'm talking bout) To the Shifrins, I wish you guys the best. So, I guess this is it and I'll leave you with these final words.

I left my home for an island.

Thank you to Gould Academy. Thanks to the entire faculty, you helped me through my hard times and pushed me to stay at the top. Thanks to all the kids at Gould for making my time here a little easier, and a special thanks to Kurt, Brie, and Mr. Christopher Gillio for being there for me whenever they were needed.

Most importantly thanks to my Mother and Father for giving me this opportunity, my brother Zach for helping me through the hard times, my brother Jake for always making me laugh, my two best friends back home Omar (AKA O-Diggity-Dog) and Josh (AKA J-Money or Jafar), my love Loie for making me whole again (I lurrve you infinity). To the greatest family in the world, this first part is for you. Mom and Dad, you've been there with me through it all – tough times and good ones too. You've supported me on most of my decisions in life and truly took the time to raise me correctly. I know I've messed up a bunch of times getting to where I am now, but I feel everything that I've done has taught me something in some way – Good

or Bad. Hard work and determination are key, and I've realized that the past few years. Gould wasn't something I wanted, but it's definitely helped me out in the end. Thanks for all the times up until now, they've been great, I wouldn't want them any other way. Andrew, Zach and Mallory – Thanks for being there as well, you've provided me with support, laughter, and everything else in between. I couldn't ask for better siblings or family.

For the friends. **MB:** Witt, Sweetser, Timberlake, Almy, Frechette, Pickrell. Schoen, Simpson, Starbird, Barker, Cochrane, Belanger, Smith, Lochala, Ayala, Cyr, French, B. & N. Luke you've always been a good brother, even if we weren't always the friends we are now.

Chaney Joseph

Thanks mom and dad. You have both always been there for me, and I don't know how I could have made it if it weren't for your loving, caring and guidance. I love you both.

Yuji Kawanishi

父さん、母さん、三年間どうもありがとうございます。アメリカで学ぶ機会をよえてくれて感謝しています。色々な面で迷惑を掛けただけれど、おかげで無事に卒業できました。

To My Chums: SiWooHyung, Yuji, J.Shin, SungMin, SangJin, HeeKwon, James, Josh, Miles, Jefferson, Cheney, Doug, Ringston, Gillio, B.Oyer, Kurt, and all the rest. It's been real good. I enjoyed a lot.

TH, I really loved the time being with you at Gould.
It meant a lot to me, and I will never forget all the things I've done with you.
I'll miss being with you at Gould.
There will be times that I wish I could come back to this moment right now.
I wish you good luck with whatever you are doing next year.
I love you.

What else should I say.. Umm..

Four years at Gould.....

First of all, I'm finally done.
Second of all, I'm finally done.
Third of all, I'm finally done.
Last of all, I'm finally done.
Therefore, I AM FINALLY DONE!!!!

Is this how a paragraph should look like, Mr. Bean? I should have paid more attention in your classes so I know how to write better. But I really enjoyed your classes a lot tho. Thanks.

AND THANKS MOM AND DAD!

Lewis George Feuer

Mom and Dad, I love you

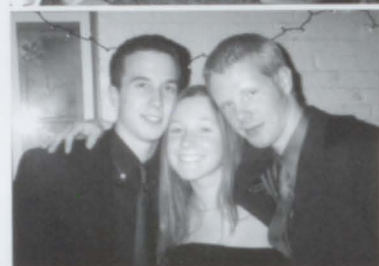

I wish I had more to say. High school is an awesome experience, but it is an experience that passes by much too fast. If we are not careful and do not take the time to look around at the memories forming in front of us, we are doomed to simply remember high school instead of experiencing it.

Kurt, in the past three years you have housed me, helped me, and made me laugh like I never knew how. I now speak fluent Kurt, and I think I would have been pretty lonely this year if you weren't here. Thank you my friend. Bill, remember first day in algebra 2 when I had the question and you had the answer? I think we've changed roles from time to time, but we've never stopped walking no matter how slow the pace. If you are ever in need of motivation just try living your life inches from death. Greg, I read in a textbook somewhere that the people that I go snowboarding with would most likely not influence my political views, but I knew that text book was lying. Aidan, thanks for being an inspiration. Owen, I miss Jimmy Milkman and the Electric Lung's Cancer Love. D-Block, Graham, 2park, and the basement. In this temporary place, to all the musketeers, girls I winked at, teachers, and friends, keep it radical.

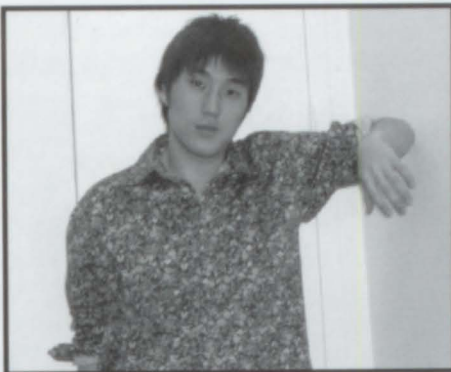

"Our educational system today is in the hands of its last organized enemy, which is class greed, and selfishness based upon economic privilege. To slay that monster is to free all the future." - Upton Sinclair

First of all, I really appreciate that my parents gave me a chance to spend my time at Gould Academy!! The past two years at Gould were the happiest time in my life. Friends, sports, faculty, and especially the music; a lot of the memories at Gould were just awesome to me!! I'm gonna really miss everything about Gould. I will leave all my memories here and I am proud of myself that I attended this school for my high school years. Thanks for everything teachers, friends, and Gould.

Art Weaver

This is Arty, Art, Arthur, Artimus, Arty the One Man Party...

The past few months at Gould have been an experience I will remember my entire life. Making friends with people from all over the world, and sharing memories that will last forever has been great. Huskie ladies are CRAZY and have my experience at Gould a trip. I will never forget the times I had at the tree (the boat), and the longboarding rides I have had with my friends. To my cats in Davidson: Flo, Ben, Chris-Chris, Shwoobee, Danny, Jimmy, Leo, Miles, and to the cool cats in Holden, you have made GA memorable. To the memories I have made on the Men's Varsity soccer team, and to the memories I hope to have on the rec snowboarding team, here's to it! I thank my parents and Phillips Academy for making it possible for me to attend Gould this year. Thanks Mom and Dad.

Peace Out.

Mom and Dad – Thank you for everything that you have done over the years. We went through some tough times, but you were always there. I don't know where I would be without you.

Aly – "Get down and clean my boots!" No matter what, or who comes in and out of our lives I will always be here for you. We have had some good times with many more to come. I love you Al Stoppable!

Heather – We have had too many good times to write about. Thank you for being there and making me think about what I am doing, you were always looking out for my best interests. Country Girls forever. I love you!

GA Girls – We definitely have had some unforgettable times over the past two

Oh, The Places You'll Go!

Congratulations! Today is your day. You're off to Great Places! You're off and away! You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose. You're on your own. And you know what you know. And YOU are the guy who'll decide where to go. You'll look up and down streets. Look 'em over with care. About some you will say, "I don't choose to go there." With your head full of brains and your shoes full of feet, you're too smart to go down any not-so-good street. And you may not find any you'll want to go down. In that case, of course, you'll head straight out of town. It's opener there in the wide open air. Out there things can happen and frequently do to people as brainy and footsy as you. And when things start to happen, don't worry. Don't stew. Just go right along. You'll start happening too. OH THE PLACES YOU'LL GO.

Dr. Seuss
